

HOW TO SELECT THE ELEMENTS FOR ZENNIO GETFACE IP SYSTEM

1. PARTS OF VIDEO INTERCOM SYSTEM.....	2
2. OUTDOOR VIDEO INTERCOM	3
2.1. BASIC UNIT	3
2.2. OTHER MODULES INSTALLED IN THE FRAME	3
2.3. NUMBER OF LOCKS PER ENTRANCE	4
2.4. OPTIONAL SECURITY	4
2.5. POWER SUPPLY OF THE OUTDOOR INTERCOM.....	4
2.6. INSTALLATION ELEMENTS – FRAMES, BOXES, BACKPLATES.....	4
3. INDOOR VIDEO INTERCOM.....	7
4. NETWORK INFRASTRUCTURE.....	7
5. EXAMPLES.....	8
5.1. SINGLE HOME BUILDING WITH ONE BUTTON. FLUSH MOUNTING	8
5.2. SINGLE HOME BUILDING WITH ONE BUTTON. SURFACE MOUNTING.....	9
5.3. SINGLE HOME BUILDING WITH KEYPAD AND ONE BUTTON. FLUSH MOUNTING.....	10
5.4. SINGLE HOME BUILDING WITH KEYPAD AND ONE BUTTON. SURFACE MOUNTING	11
5.5. APARTMENTS BUILDING (UP TO 6) WITH BUTTONS. SURFACE MOUNTING	12
5.6. APARTMENTS BUILDING (FROM 6 TO 15) WITH BUTTONS. SURFACE MOUNTING	13
5.7. APARTMENTS BUILDING WITH KEYPAD. FLUSH MOUNTING	14
5.8. APARTMENTS BUILDING WITH TOUCH DISPLAY. FLUSH MOUNTING	15

1. PARTS OF VIDEO INTERCOM SYSTEM

The elements in Zennio video intercom system are the ones in one of these three parts of the system:

OUTDOOR VIDEO INTERCOM	NETWORK INFRASTRUCTURE	INDOOR VIDEO INTERCOM
GetFace IP	Firewall + Switch	Z41 COM
Select the modules according to the door opening options and the call options	Depending on the number of houses/apartments	There is a number of touch panels to receive the call in each house/apartment
		

2. OUTDOOR VIDEO INTERCOM

2.1. BASIC UNIT

Each outdoor video intercom needs to include a basic unit with (ZVP-CAM) or without camera (ZVP-WOCAM) and one button to call one house/apartment.

Its size is 2 modules, but the second module is a blind panel, where any additional module could be placed.

ZVP-CAM or ZVP-WOCAM

2.2. OTHER MODULES INSTALLED IN THE FRAME

Other modules could be added to the basic unit, depending on the requirements about how the owners open the door and how the visitors call each house/apartment. Their size is 1 module.

						
ZVP-KEYPAD Keypad to access with code and call each house/apartment	ZVP-INFOP Info panel to explain how to call each house/apartment	ZVP-NAME5 5 buttons module. The number of modules to add depends on the number of houses/apartments to call.	ZVP-TOUCHD Touch display with keypad to access with code and a list to call each house/apartment	ZVP-RFSMN RFID Reader to access with card	ZVP-ILOOP Induction loop for hear impairment aid.	ZVP-VIGM Access for emergency services

2.3. NUMBER OF LOCKS PER ENTRANCE

To open more than one door lock from the same outdoor video intercom, **I/O module (ZVP-INOUT)** is needed in those outdoor video intercoms. It does not need one module in the frame.

2.4. OPTIONAL SECURITY

- **Security relay (ZVP-ACSR):** to add security to door opening. One per door.
- **Tamper switch (ZVP-ACTAM):** to monitor when the frame is removed. One per outdoor intercom.

2.5. POWER SUPPLY OF THE OUTDOOR INTERCOM

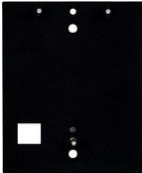

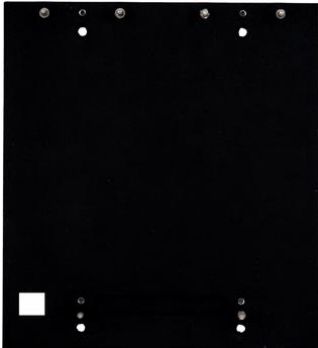

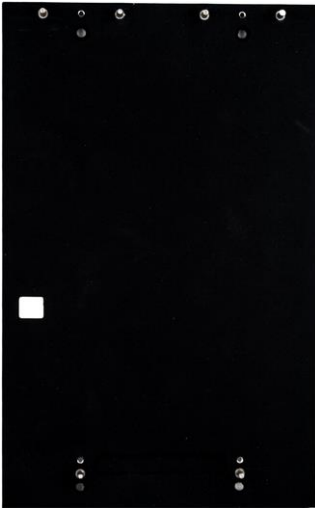

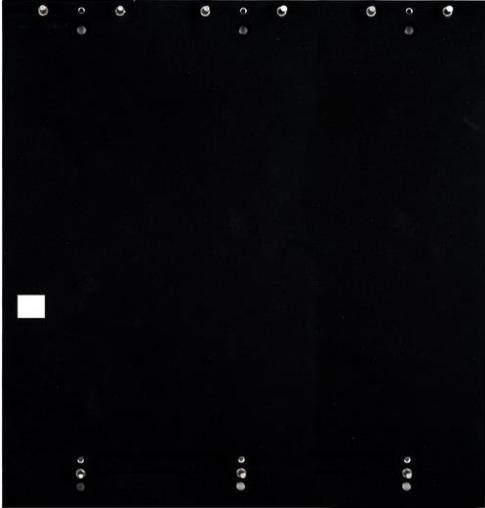

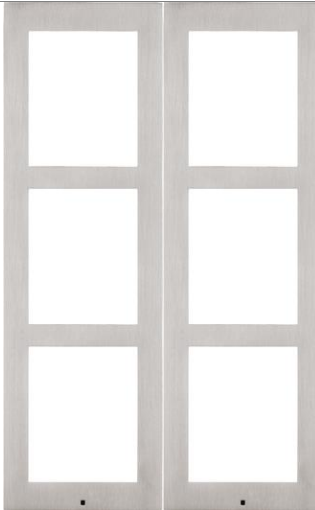

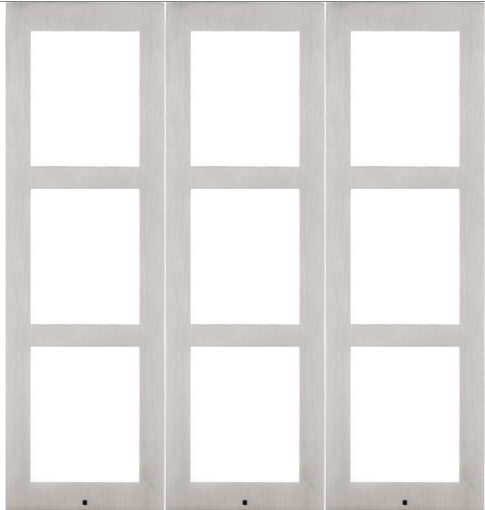

It's possible to supply the outdoor station by two ways:

- **Power Supply 12VAC/400 mA:** not provided by Zennio.
- **PoE (using the IP connection):** add a **PoE Injector with EU cable (ZVP-ACPOEC)** or **without cable (ZVP-ACPOE)**.

2.6. INSTALLATION ELEMENTS – FRAMES, BOXES, BACKPLATES

There are two ways to install GetFace IP and depending on which one is needed, some elements should be added to the order.

It is necessary to know the number of modules in the outdoor video intercom and how they are placed in the frame, bearing in mind the basic unit and the elements which need one module in the frame.

FRAMES AND BACKPLATES FOR SURFACE MOUNTING						
Backplates	 ZVP-BPLA1	 ZVP-BPLA2	 ZVP-BPLA3	 ZVP-BP2W2H	 ZVP-BP2W3H	 ZVP-BP3W3H
Frames	 ZVP-CB1M	 ZVP-CB2M	 ZVP-CB3M	 2 x ZVP-CB2M	 2 x ZVP-CB3M	 3 x ZVP-CB3M

FRAMES AND BOXES FOR FLUSH MOUNTING			
Boxes	 <p>ZVP-FBOX1</p>	 <p>ZVP-FBOX2</p>	 <p>ZVP-FBOX3</p>
Frames	 <p>ZVP-FFRA1</p>	 <p>ZVP-FFRA2</p>	 <p>ZVP-FFRA3</p>

3. INDOOR VIDEO INTERCOM

In each house/apartment, at least one touch panel Z41 COM must be installed to receive the call from the outdoor video intercom.

Available colors: anthracite black (ZVI-Z41COM-AP), white (ZVI-Z41COM-WP) and silver (ZVI-Z41COM-SP)

4. NETWORK INFRASTRUCTURE

- Single homes: no needed.
- Community buildings: it will be necessary a firewall and one or more switches, depending on the number of houses/apartments and building characteristics. See table below¹:

GetFace IP (Number of outdoor intercoms)	Apartments number	Firewall	Switch			
			8 ports	16 ports	24 ports	48 ports
		ZVP- FW2003	ZVP- SW0108	ZVP- SW0116	ZVP- SW0124	ZVP- SW0148
1-3	2-7	1	1			
1-3	8-15	1		1		
1-3	16-23	1			1	
1-3	24-47 ²	1				1

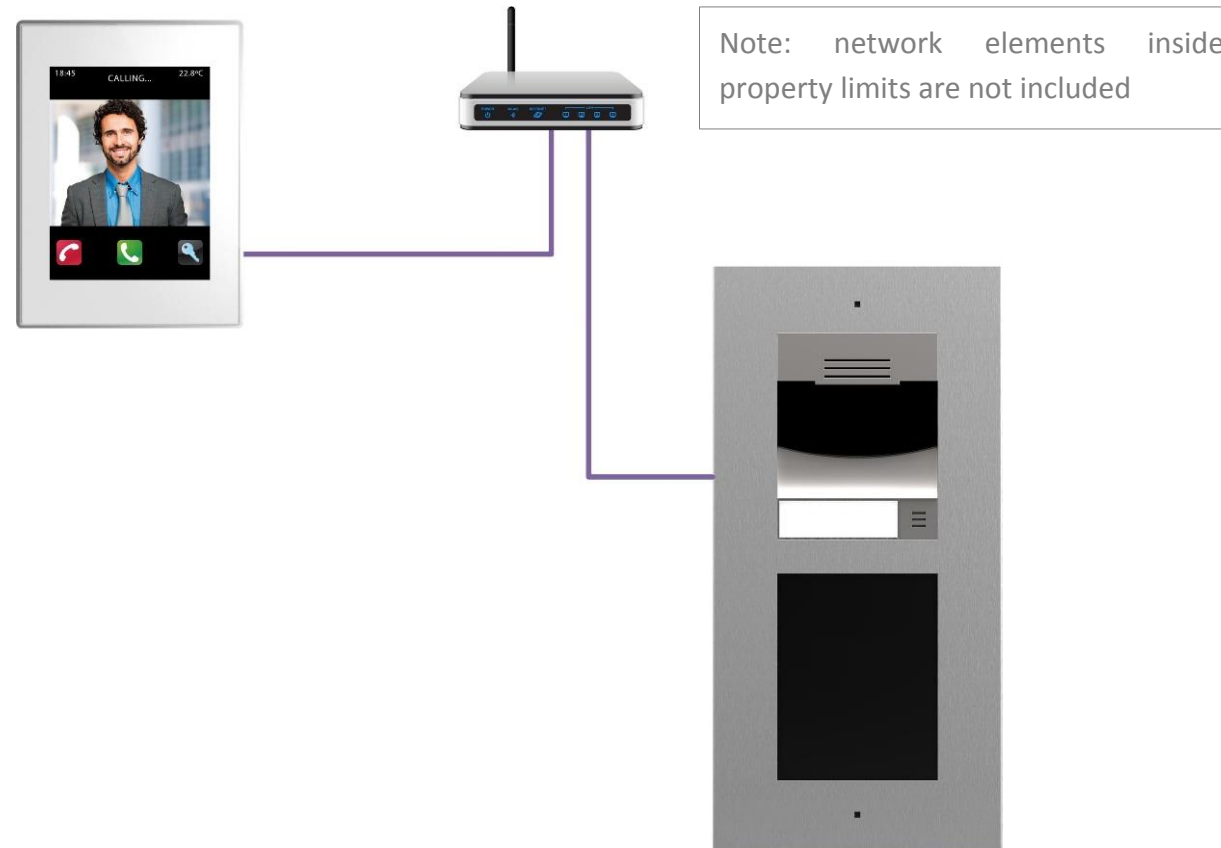

¹ Maximum distance of 90m of Ethernet cable between switch/es and firewall must be met. For longer distances, please contact with bitelec info@bitelec.ch For larger

² number of apartments, please contact with bitelec info@bitelec.ch

5. EXAMPLES

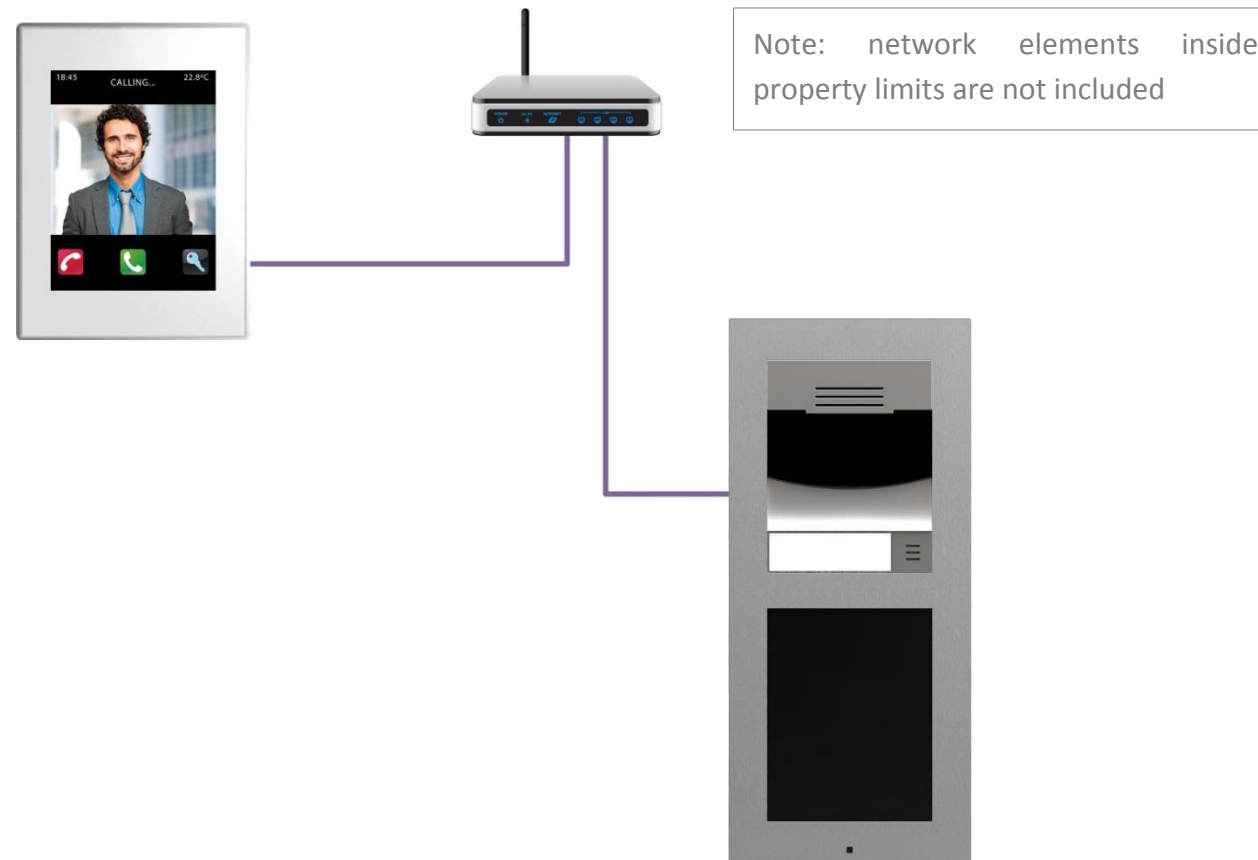

5.1. SINGLE HOME BUILDING WITH ONE BUTTON. FLUSH MOUNTING

- ZVP-CAM
- ZVP-FBOX2
- ZVP-FFRA2
- Number of touch panels - ZVI-Z41COM

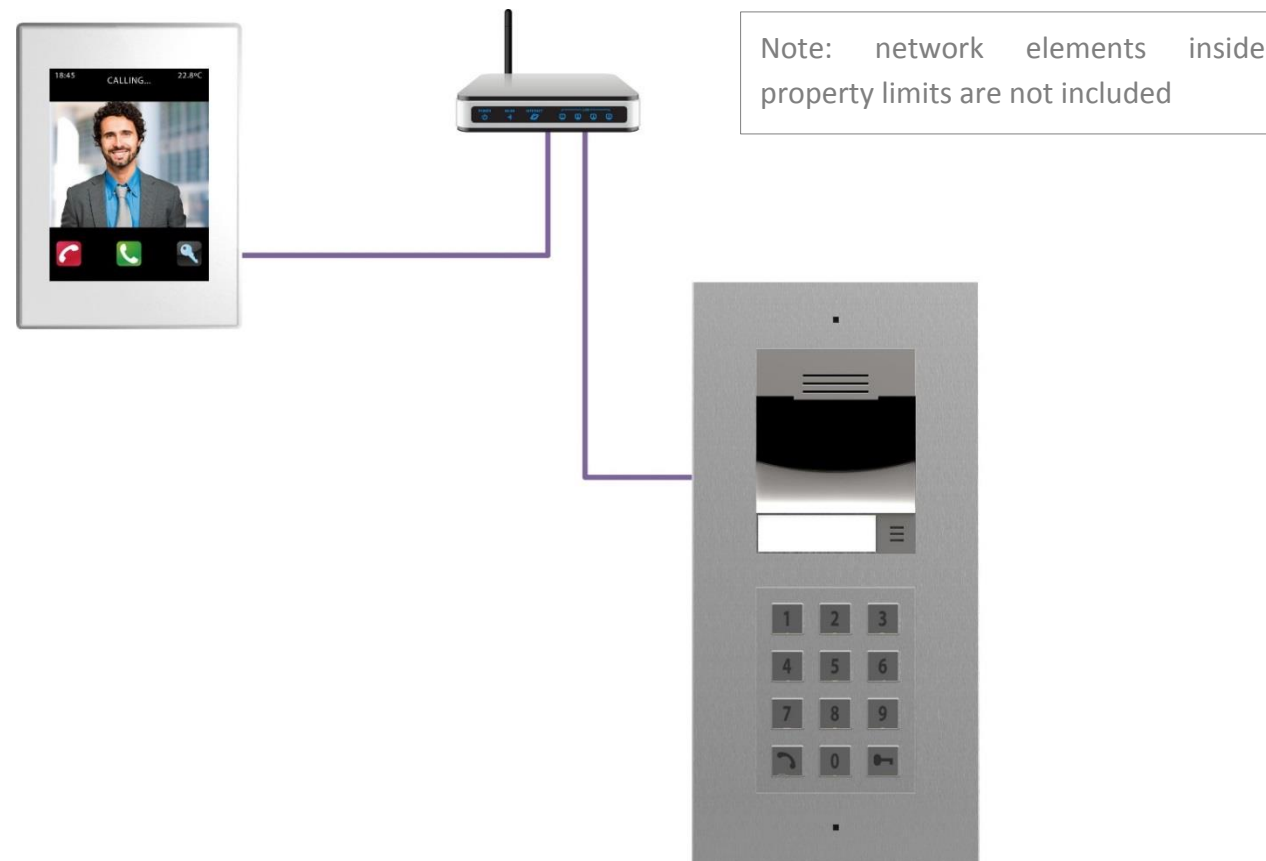

5.2. SINGLE HOME BUILDING WITH ONE BUTTON. SURFACE MOUNTING

- ZVP-CAM
- ZVP-BPLA2
- ZVP-CB2M
- Number of touch panels - ZVI-Z41COM

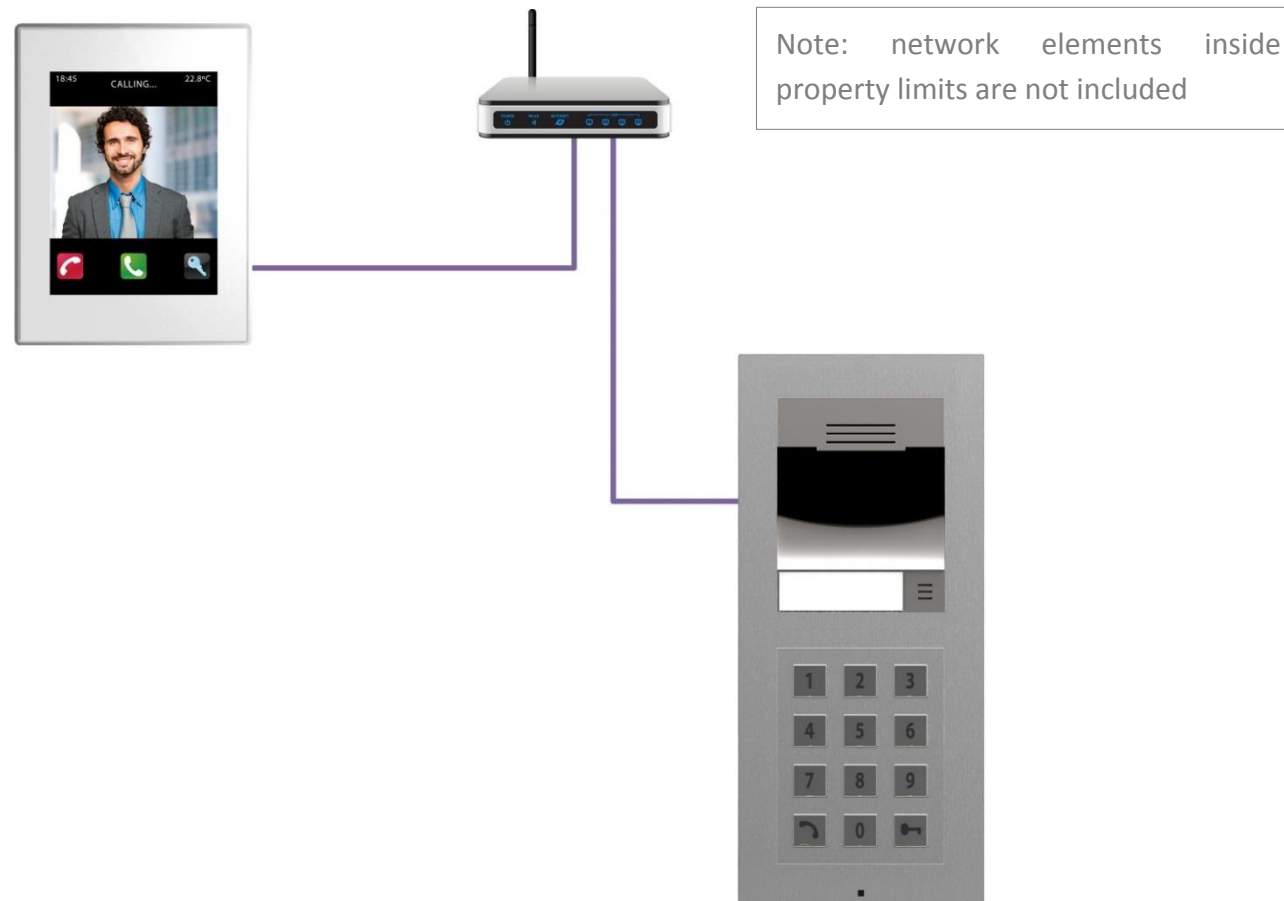

5.3. SINGLE HOME BUILDING WITH KEYPAD AND ONE BUTTON. FLUSH MOUNTING

- ZVP-CAM
- ZVP-KEYPAD
- ZVP-FBOX2
- ZVP-FFRA2
- Number of touch panels - ZVI-Z41COM

5.4. SINGLE HOME BUILDING WITH KEYPAD AND ONE BUTTON. SURFACE MOUNTING

- ZVP-CAM
- ZVP-KEYPAD
- ZVP-BPLA2
- ZVP-CB2M
- Number of touch panels - ZVI-Z41COM

5.5. APARTMENTS BUILDING (UP TO 6) WITH BUTTONS. SURFACE MOUNTING

- ZVP-CAM
- ZVP-NAME5
- ZVP-BPLA2
- ZVP-CB2M
- ZVP-FW2003
- ZVP-SW0108
- ZVP-ACBLB (optional, to hide buttons which are not used)
- Number of touch panels - ZVI-Z41COM

Note: network elements inside property limits are not included

5.6. APARTMENTS BUILDING (FROM 6 TO 15) WITH BUTTONS. SURFACE MOUNTING

- ZVP-CAM
- 3 x ZVP-NAME5
- ZVP-BP2W2H
- 2 x ZVP-CB2M
- ZVP-FW2003
- ZVP-SW0116
- ZVP-ACBLB (optional, to hide buttons which are not used)
- Number of touch panels - ZVI-Z41COM

Note: network elements inside property limits are not included

5.7. APARTMENTS BUILDING WITH KEYPAD. FLUSH MOUNTING

- ZVP-CAM
- ZVP-KEYPAD
- ZVP-INFOP
- ZVP-FBOX3
- ZVP-FFRA3
- ZVP-FW2003
- ZVP-SW01xx: depends on the number of apartments, see table in [section 4](#)
- Number of touch panels - ZVI-Z41COM

Note: network elements inside property limits are not included

- ZVP-CAM
- ZVP-TOUCHD
- ZVP-FBOX2
- ZVP-FFRA2
- ZVP-FW2003
- ZVP-SW01xx: depends on the number of apartments, see table in [section 4](#)
- Number of touch panels - ZVI-Z41COM

Note: network elements inside property limits are not included
